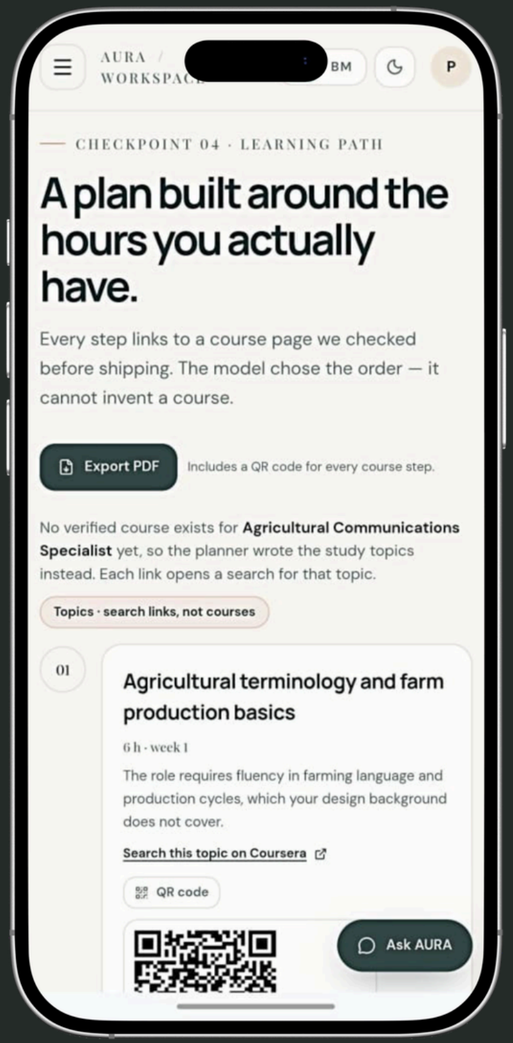
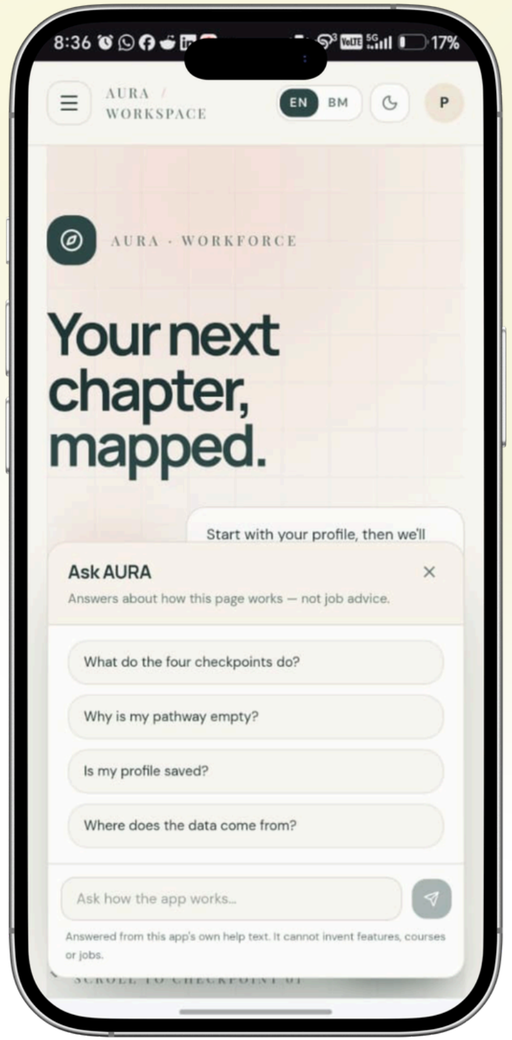
CHECKPOINT 04

Learning Pathway

A plan built around your week, with every course link.

PDF + QR links check before you setup your schedule.





AURA FEATURES

Ask AURA for flow of AURA AI

Ask AURA

What do the four checkpoints do?

The four checkpoints are 01 Market signals(live demand public job postings), 02 Your profile (your role, skills and weekly hours), 03 future roles (up to three proposed occupations), and 04 Learning path (a study plan built from our verified course library).

Ask how the app works...

Apa fungsi empat checkpoint?

Empat checkpoint ialah 01 Isyarat pasaran, 02 Profil anda, 03 Peranan masa depan dan 04 Laluan pembelajaran. Anda isi profil sekali, kemudian AI mencadangkan peranan dan pelan pembelajran berdasarkan profil itu.

Tanya cara app ni berfungsi

You can ask whether English or Malay

Business Model

- For this phase, it is actually FOC (Free of Charge)
- When it has applicable for login, we decide to open up for lifetime license which is RM 5
- It is for us to comply with AI intergrated model which coming from DeepSeek API and also the maintance services
